General Conditions

1. The Aerodrome Operator shall ensure that all the aerodrome facilities, equipment, services and procedures are operated and/or maintained properly and efficiently in accordance with the Aerodrome Manual submitted to the Director General or his delegated Authority, the applicable standards and recommended practices set out in the Manual of Aerodrome Standards and any condition specified in this Aerodrome License. Appropriate arrangements shall be made to ensure fire cover is available for the aerodrome.
2. The Aerodrome Operator shall ensure that all copies of the Aerodrome Manuals are kept complete and current. The Aerodrome Operator shall also ensure that each member of the aerodrome operating staff is aware of the contents of every part of the Aerodrome Manual relevant to his/her duties and undertakes his/her duties in conformity with the relevant provisions of the Aerodrome Manual.
3. The Aerodrome Operator shall ensure that an adequate number of qualified and skilled personnel are employed to perform all critical activities for the operation and maintenance of the aerodrome, and that a programme to upgrade the competency of the personnel is in place.
4. The Aerodrome Operator shall ensure that appropriate air traffic services (where provided) ensure the safety of aircraft in the airspace associated with the aerodrome, and that proper coordination with the aeronautical information services, meteorological services, security and other areas related to safety are established.
5. The inspectors of the Authority shall be granted free access to the aerodrome and any associated facility, equipment, document, record and the Aerodrome operator personnel relating to the operation, safety or security of the aerodrome for the purpose of inspection, testing and/or verification of performance.
6. The Aerodrome Operator shall notify the for aeronautical information services of any change to any aerodrome facility or equipment or level of service at the aerodrome which has been planned in advance and which is likely to affect the accuracy of the information contained in any publication by the agency before effecting the change.
7. The Aerodrome Operator shall notify the for aeronautical information services and as applicable the air traffic control unit immediately of any obstacles, obstructions or hazards; change in level of service at the aerodrome as set out in any publication by the aeronautical information services or variation from the Manual of Aerodrome Standards; closure of the movement area of the aerodrome; significant change in aerodrome facility or the physical layout of the aerodrome; and any other condition that could affect aviation safety at the aerodrome and against which precautions are warranted; of which the Aerodrome Operator has knowledge of immediately.
8. When low flying aircraft, at or near the aerodrome, or taxiing aircraft is likely to be hazardous to any person or vehicular traffic, the Aerodrome Operator shall post hazard warning notices on any public way that is adjacent to the aircraft manoeuvring area; or if such public way is not controlled by the Aerodrome Operator, inform the Authority responsible for posting the notices on the public way that there is a hazard.
9. The Aerodrome Operator shall implement such additional safety or aviation security related measures as may be required by the Director General or his delegated Authority. The Director General or his delegated Authority may suspend or cancel this Aerodrome License at any time should the Aerodrome Operator fail to comply with any provisions set forth in this Aerodrome License or in the Aerodrome regulations.
10. The Aerodrome Operator shall take up such insurance including public liability to cover all operations at the aerodrome to the satisfaction of the Director General or his delegated Authority.
11. The Aerodrome Operator shall notify the Director General or his delegated Authority in writing at least 14 days in advance of any intended change or abolition of the key person overseeing the aerodrome's operations
12. This Aerodrome Licence is not transferable and any purported transfer of this Licence shall be void.
13. Expressions used in this Aerodrome Licence shall have the same meanings as those in the Manual of Aerodrome Standards.

Specific Conditions

1. Guards to ensure locals and wild/domestic animals are cleared from runway before aircraft operations.
